**THE WEST END BAPTIST CHURCH**

116 WEST END STREET

P.O. BOX 851

NEWPORT, TENNESSEE 37821

**JUNE 19, 2011**

**IT'S DADS' DAY**

**Tom Mooty - Extremely Senior Pastor**

We pray that you will be truly blessed by the service today and that you will want to return soon. Visiting friends, please take a moment and complete the **"Visitors' Card"** included in your Newsletter; and then please place it in the offering plate or give it to one of our greeters.

If you have a prayer request for which we can join you in prayer, please use the reverse side of that Visitors' Card to give us your PrayerTime information.

If you are looking for a spiritual church home for you and your entire family, we offer you our services; and ask that you please consider us. **Brother Tom will be happy to discuss this with you at your convenience.**

This newsletter is also uploaded to our church website: [www.webbaptistchurch.org](http://www.webbaptistchurch.org)

### **WHAT'S GOING ON IN NORTH DAKOTA?**

The Cruz Construction Company (an oil drilling/extraction company) has begun a division in North Dakota just 6 months ago. They sent every big truck and several drivers they had working in Alaska to North Dakota; and bought two new trucks and two new cranes for that project. Williston, North Dakota is like a gold rush town; and Cruz has built a 40-man encampment there,

since there are no rooms available. Unemployment in North Dakota is currently the lowest in the nation (3.4 percent).

Several years ago, one of the Forbes Brothers was asked on a television news program: "How much oil does the U.S. have in the ground?" Forbes did not miss a beat, he said, "more than all the Middle East put together".

In April, 2008, the U. S. Geological Service issued a report which revised a 1995 report on how much oil was in the area of western North and South Dakota eastern Montana: "The "Bakken" is the largest domestic oil discovery since Alaska's Prudhoe Bay, and has the potential to eliminate all American dependence on foreign oil".

The Energy Information Administration (EIA) estimates it at 503 billion barrels. Even if just 10% of the oil is recoverable; at the rate of \$107 a barrel, that is a resource base worth more than \$5.3 trillion.

Terry Johnson, Montana's financial analyst said, "When I first briefed legislators on this, you could practically see their jaws hit the floor. They had no idea".

The Pittsburgh Post Gazette reported: "This sizable find is now the highest-producing onshore oil field found in the past 56 years"

This formation is known as the Williston Basin, but is more commonly referred to as the "Bakken". It stretches from Northern Montana, through North Dakota and into Canada. For years, United States oil exploration has been considered a dead end; and even the "Big Oil" companies gave up searching for major oil wells decades ago. However, a recent technological breakthrough (called "refraction" or simply "fracking") has opened up the Bakken's massive reserves; and we now have access

of up to 500 billion barrels. And because this is light, sweet oil, those billions of barrels will cost Americans just \$16 PER BARREL!

That's enough crude to fully fuel the American economy for over two thousand years!

Look at this report - from 2006:

U. S. Oil Discovery- Largest Reserve in the World  
(Stansberry Report Online - 4/20/2006)

Hidden 1,000 feet beneath the surface of the Rocky Mountains lies the largest untapped oil reserve in the world. It is more than 2 TRILLION barrels; but, to date, none has been extracted! We have more oil inside our borders, than all the other proven reserves on earth:

8 times as much oil as Saudi Arabia;  
18 times as much oil as Iraq;  
21 times as much oil as Kuwait;  
22 times as much oil as Iran;  
500 times as much oil as Yemen;  
and it's all right here in the Western United States.

We have not been actively extracting this massive oil supply because environmentalists and others have blocked all efforts to help America become independent of foreign oil! Again, we are letting a small group of people dictate our lives and our economy! Why is that?

James Bartis, lead researcher with the study says we've got more oil in this very compact area than the entire Middle East - more than 2 TRILLION barrels untapped. "That's more than all the proven oil reserves of crude oil in the world today", The Denver Post reported.

## VACATION BIBLE SCHOOL

Our annual Vacation Bible School has been scheduled for all day Saturday, July 24. This is a very special event which was tried last year, and received very well. It is sponsored by our Children's Church Ministry. The school is available to all children from age 4 through grade 6. We need YOU to help in several different areas (food, activities, crafts, Bible Lesson, and general control and safety); please step up and tell Lisa Ottinger where you can help.

## "FIVE MINUTES WITH TOM MOOTY"

Brother Tom's newspaper column can be found in the Thursday edition of the "Newport Plain Talk"; and also on-line on our church website: [www.webaptistchurch.org](http://www.webaptistchurch.org) (click on the link to the "Pastor's Blog").

This column is well-read and we receive many comments about it from the community (some of them even good one). We are well blessed to have this open door opportunity. Because of so many unique readers from all religious and non-religious backgrounds, the writing style has to incorporate some humor and history into a "non-preachy" form of "hook" to lead the reader to the last paragraph.

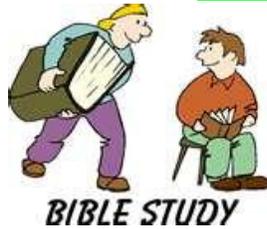

One comment received recently was that "even if I wasn't a Christian, I would read that column and eventually, the message would sink in".

## CHURCH WEBSITE

Please help spread the word about our website: [www.webaptistchurch.org](http://www.webaptistchurch.org). Bart Ellison is our webmas-

ter; and he is currently working on our being able to "stream" all of our services live over that website. Tell everyone about it. Be sure to click on the "Pastor's Blogs" link; and check out the two blogs there: "Medicare Minister's Musings" and "Five Minutes with Tom Mooty". Please share suggestions for additional pages with us.

## VICTORY BIBLE INSTITUTE

Brother Tom has two more weeks of study in his Victory Bible Class (Course # OT 101 - "The Pentateuch"). The class meets on Thursday Evenings from 7:00 - 9:00. All sessions are recorded on CD in case you have to miss; but are also freely available to anyone to study and review the class material.

Tell everyone you meet about this great opportunity of Bible Study from a fundamentalist point of view.
