THE CENTER PIECE

"THE SIGNS OF THE TIMES"

(Written by David Reagan : Adapted by Tom Mooty)

The prophet Daniel was told by the Lord that many of the Bible's end-time prophecies would remain mysterious in their meaning until the time came for them to be understood (Daniel 12:8-9).

An indication that we are now living in the final days before the Lord's Return is the fact that we are now understanding prophecies that have never been understood before; because of historical developments and technological innovations.

For instance, the Bible contains prophecies that the Jews will be regathered in their land right before the Messiah's Return (Isaiah 11:10-12); but because of the world-wide dispersion of Israel for almost 2000 years, these prophecies could not be understood. The same thing is true of prophecies that describe the prominence of Israel in the land at the end-time (Zechariah 12:1-6) (Luke 21:24). Prior to June 7, 1967, these passages could not be understood.

Revelation has several examples of prophecies that have not been understood until recently:

1. THE SHEER MAGNITUDE OF THE SLAUGHTER DURING THE TRIBULATION PERIOD. Approximately

one half of the world's population will die in various judgments; but such carnage was not understood until development of nuclear weapons and WMD's.

2. THE ASIAN ARMY OF 200 MILLION. At the time Revelation was written (c 90AD), that was approximately the total population of the world; but modern medicine has caused the population to rapidly increase during the twentieth century.

3. THE TWO WITNESSES IN JERUSALEM. Revelation 11 speaks of these two men who will serve God's Calling during the Tribulation; and the world will see their dead bodies lying in the "streets of Jerusalem" for three and half days. This was likewise not understood until the advent of communication advances in our lifetimes.

4. THE IMAGE OF THE ANTICHRIST. Revelation 13 speaks of the "False Prophet's" making an image of Antichrist and apparently being able to give it life. Since Satan cannot bestow "life", this will have to be a deception of animatronics or some similar 20th Century process.

5. THE MARK OF THE BEAST. Revelation 13 also says that Antichrist will control buying and selling world-wide through a "mark on the right hand or forehead" of each person. This was simply not possible before laser and computer technology; and just could not be understood.

These are only a few examples of prophecies that we now understand for the first time; clearly indicating that we are living in the season of the Lord's Return.
